RESIDENCY REQUIREMENTS

PRACTICAL NURSING APPLICANTS

Applicants who have lived permanently in the following jurisdictions for twelve months prior to application deadlines will receive priority consideration for admission as long as they meet the minimum admission requirements:

Virginia: Lee, Wise, Scott, and Dickenson Counties, and the City of Norton

Tennessee: Sullivan, Hancock, and Hawkins Counties

Kentucky: Letcher, Harlan, and Pike Counties

Residents from all other jurisdictions will not be admitted unless space remains available after these have been admitted. Although we welcome admission applications from students from other jurisdictions, based on recent experience, it is unlikely that students from a jurisdiction other than the locations listed above will gain admission to the program.

If you have a question regarding your jurisdiction status, please contact Enrollment Services immediately upon applying to the program.

I have read and understand the residency requirements listed above. I also understand that if I do not meet jurisdiction requirements that I should meet with a faculty advisor to discuss other educational opportunities.
