Any student not in good academic standing will be required to complete a minimum of 12 curricular credits with achievement of a 2.5 GPA or better. If all curricular courses have been successfully completed, the applicant may take transfer level courses to meet the 12 credit requirement or repeat curricular courses to improve individual course grades. Standing grades of d's and f's will be calculated into the curricular GPA regardless if they were taken at MECC or another college. Your high school and/or college transcript must indicate a grade of **'C' or better in algebra I, biology, and chemistry**. Algebra I part 1, basic algebra, applied biology, and consumer chemistry do not satisfy pre-requisite requirements. Algebra I parts 1 and 2 will satisfy the algebra I requirement. Completion of college placement tests (ASSET or COMPASS) indicating placement into English 111 and Math 126 (or satisfactory completion of required developmental courses) is also required. **If you do not meet the minimum admission requirements or do not have a 'C' or better in high school and/or college pre-requisite courses we will suspend processing your application and you must schedule a meeting with the Nursing faculty immediately to develop a plan to complete the pre-requisites.** The nursing faculties are Johanne Watson, Donna Cluesman, Deborah Clarkston and Deborah Wright, located in Robb Hall. You may reach them by phone at 276-523-2400 ext. 457, 300, 222 or 425 respectively. Their emails are: jwatson@me.vccs.edu, dcluesman@me.vccs.edu, dclarkston@me.vccs.edu, dwright@me.vccs.edu.

RESIDENCY REQUIREMENTS

NURSING (RN) APPLICANTS

Applicants who have lived permanently in the following jurisdictions for twelve consecutive months prior to February 1, 2009 will receive priority consideration for admission as long as they meet the minimum admission requirements:

Virginia: Lee, Wise, Scott, and Dickenson Counties, and the City of Norton

Tennessee: Sullivan County and the city of Kingsport

Residents from all other jurisdictions will not be admitted unless space remains available after these have been admitted. Based on recent experience, it is unlikely that students from a jurisdiction other than the locations listed above will gain admission to the program.

If you have a question regarding your jurisdiction status, please contact Enrollment Services immediately upon applying to the program.

I have read and understand the residency requirements, as well as the Nursing Application Process and Nursing Program Application Packet. I understand that if I do not meet jurisdiction requirements that I should meet with a faculty advisor to discuss other educational opportunities. I also understand that if by February 1, 2009, I do not meet the minimum admission requirements, complete all prerequisites with a grade of 'C' or better, and have all required documents on file, processing of my application will be suspended and I will not be eligible to participate in admission testing or be considered for admission to the 2009 nursing program.
