

GRADUATES AND AWARDS

Prior to 2007-08, VCCS college totals would count a graduate only one time in the academic year. If a graduate received more than one award, he/she was counted only once. The number of awards was limited to two per student per year. The VCCS total is the official count for the number of graduates.

The VCCS does not credit individual Career Studies programs with graduates and awards.

GRADUATES AND AWARDS

MECC college totals include all awards. For example, a graduate with an award in General Studies and Liberal Arts is counted twice, which is a duplicated number. The duplicated number of graduates includes only the highest award a graduate received. For example, a graduate with Accounting and Management awards (both AAS degrees) will be counted twice. However, a graduate with an Accounting degree and an Accounting certificate will only be counted as a graduate once (for the degree), but both awards will be counted.
