Earn degree in civil eng. & join Marine Corps
Lab tech program or Radiology (when available)

What were the greatest challenges you faced as a student to finish your certificate or degree?
Trying to work full time and go to school.
Completing the coursework while working full time and raising a family.
Working while attending college.
I failed one of my classes. I had never failed a class and that was something I had to learn to overcome.
Shifting between home, work, children, and school.
juggling work, school, and kids.
finding a babysitter
the stress in trying to go to school get homework finished and manage a family.
trying to finish school while working full-time and raising a family
getting burnt out.getting along with peers. meeting teacher expactions
class schedules
being a mother of two children
teachers telling you different things
having to go without money while i was in college
personal problems at home
juggling family, job and attending full time in school and maintaing a gpa of over 3.5 (very proud of this)
having to relearn study habits and budgeting time between family, friends, and studying.
being a mother of a two year old and driving from tennessee
organization
taking care of my wife and baby while holding down a full time job
i came back to college afer being out of high school for fifteen to twenty years. So i would say my age and life cirumstances were a major challenge to juggle with school. i am very happy that i have accomplished this first goal.
money and figuring out what i wanted to do
being able to get to class sometimes
working full-time. trying to find time for work family and school work.
juggling my busy schedule of work and school keeping focused on my degree and not falling behind.

finding time to work on projects
working and going to school full time
working while attending college
making time to study because of work schedule
the greatest challenge for me is being a single mother raising two children
children and work
trying to balance work and college
trying to pass RN classes and the stress of what if it doesn't happen
being a father of 2 boys and working 2-3 jobs and completing the roughest courseat mecc adn rn
curriculum not well defined. testing often did not seem to coincide with lecture material.
it was difficult to stay focused on internet classes but they are very helpful
juggling school, work, family while trying to be perfect at each. that's why the distance education program was so wonderful while i was trying to find my balance.
biology was a slight challenge to me at mecc
the demands of a full time job while attending college
pipe welding. knowledge
my greatest challenge while enrolled at mecc was working and attending classes. i was enrolled full time as well as working full time hoursl
when gas prices was high it was very difficult
a full time job while attending college full time. i had to balance my schedule and my time to maintain good grades and be successful at my job.
transportation became a problem
financial situation and scheduling
i worked full time and was recently divorced and had two children to raise.
finding the time to study
family and trying to find enough study time
having four children and going through a divorce
finances
getting all of my classes in on time
travel was the greatest challenge

being a single parent. i wish they would bring back the on campus childcare. that would have helped me avoid some missed classes.
trying to work full time and go to school.
it seems that i had a lot of health issues between my and my spouse during college.
money and family it was hard working and taking care of sick loved ones and be a full time student
travling in the past
money and family
balancing school family and work
the availability of courses that would fit into my schedule as a parent
finding time to complete work at home due to work
paying for classes and books
lots of miscommunication
balancing college and a family. babysitter were hard to get
balancing home work and school
trying to manage my time between full time job and school and studying
time away from family
working and going to school full time
finishing homework
the constant studying and deadlines that had to be met
finding time to study balancing a family and school
the humanities elective i had to take which i took out of appreciation
balancing family and school
taking a full load of classes with other things to do
math was the greatest challenge
trying to work, finish college, and take care of my family at one point i was a full time student mom and employee
finding time to study
being able to take my tests when i was ready. when i was ready to take the test the college wasn't so i would have to wait and fall behind.
the 45 minute commute from gate city
Having to work full time and finish my program.

Keeping my grades at a satisfactory level.
BALANCING WORK AND SCHOOL
raising a family and working all that together.
everything about the nursing program
child care for my children
management of my time
balancing family, work, and school while finding adequate childcare for my child.
online classes proved to be difficult.
my greatest challenge was finding enough study time and keeping up with the class
bettering my skills at math
completing math classes
money and childcare
managing time between my family, school and work
money
balancing work and school and family
learning to study again
getting over my fear of tests
personal demons and self sabotage
balancing family work and school
being a mother, full time worker and full time student
balancing kids, family, house, study time and work
having enough study time while working full time
returning to school after being out for about 30 years learning how to study prepare and meet deadlines for classes.
critical thinking
the whole nursing program is challenging
time management and the nursing program
time management. having to hold down a job and being a full time student
balancing family life and college life

being a single parent and finances
living out of state and having a family
ther schedules of classes choosing the correct times to still allow me to continue working
home work and english
being an older student was the biggest challenge
having to work and attend college at the same time
financial and transplortaion. lack of funds for program.required supplies books, uniforms,equipment, nursinf shoes etc...
going back to school afte 15 years, computers had changed and had to learn new software,computer projects were the hardest and time consuming.
buckling down and doing the work in distance learning classes
pseaking to a a large group of people being critiqued by professionals.
balancing school work and family
the drive from home to schol
finding time to do my work
to do well in all of my classes and complete all required courses
classes conflicting with work
making a schedule that would fit my exisiting schedule
one aspect that i had trouble with was math classes and any online classes i took.
finishing required mathamatics courses
not being overwhelmed by the stress
taking remedial classes and being held back a year
juggling school work and children
probably working and being a full time student
being able to get all my night classes and web classes in on time.the math wasn't really needed but was really hard.
deciding what ot do next
working nine hours a day and taking care of my three children and attendig college
my grrat challenge was time managemnt. between family, home, and school my time was stretched very thn
learning to study again
nusin classes

WORKING SCHOOL AROUND A FULL TIME JOB-TIME RESTRICTIONS MEETING STRICT DUE DATES
KEEPING MY GRADES UP
DEDICATING TIME TO MY STUDIES
THE GREATEST CHALLENGES I FACED AS A STUDENT TO FINISH MY DEGREE WAS MY TEST TAKING SKILLS
MATH WAS THE GREATEST CHALLENGE
BEING A MOTHER HOUSEWIFE AND ATTENDING COLLEGE
time was an issue for me, but distance learning courses helped with that challenge.
family. the family always has something going on and doing homework and studying is always hard
returning to school after 28 years
keeping up with my classes
working family and school
work and family
learning how to study
study habits
juggling family work and school
trying to get a few teachers to communicate back promptly
math
online courses
my greatest challenges were that i had too many family members dependant on me to do for them
i did not face any challenges from the beginning, but in the last semester i felt that one of courses that i was taking could have been better taught in the classroom setting rather than on the internet
balancing school and work
staying focused
making good grades while planning a wedding with my fiancée the day after graduation
working full time at several different jobs at one time while taking classes full time online and on the was the biggest challenge
time and money
choosing a degree
trying to work and go to school and still have a life at the end of the day

it was hard balancing a family and school at the same time
my greatest challenge would be that i am a single parent and i got to finish my schooling and provide a better outcome for my family and me
childcare. problems attending school and juggling my family
there was a lot of miscommunication between one of the instructors and the students
studing while taking care of my family and juggling everytihg together
online classes were more challenihg because i was not in a classroom setting
balancing school and jobs
picking a major
struggled with my math classes
balancing school can personal life
trying to complete these classes while also attendign highschool as a senior
having a child
working and attending college
balancing work and school
seqrntially from semester to semester
juggling the online classes and working full time
confliting classes
time was an issue for me but distance learning courses helped with that challenge
family. the family always has something going on and doing homework and studyong is always hard
having to work and then leave straight from work and going to class and then getting home at 11
finding time between work and school to complete assignments
online classes were more of a challenge than classes taught in the classroom
work and family
tiem mangement
time management juggling school and a job
learning to think instead of just memorize inforation and child care and finicial issues
the amount of time spent studying
the biggest challenge that i faced wass my public speaking class before that class i was hsy but now i can talk to people

Balancing your work + family
MTH 157 and CHM 111 and 112
Time was a big challeng.
Getting everything accomplished and maintaining a full time job by deadline
working and going to school
working with other teacher's with little kids.
Staying motivated
Time
Stick-to-ness -- staying focused.
Math!!
On-line classes
Nothing much, hardest thing was driving an hour or so to get here everyday.
Working and going to college

In what ways did MECC help you to stay in college?
The desire to earn my GIS certification.
Motivated me.
MECC helped with the money to help me be able to attend college.
Financial Aid.
It encouraged me to not give up, to just take one day at a time.
evening classes
support from the instructors
The encouragement to graduate and to pursue the goals that i wanted to achieve.
the evening classes really helped so i could still work my full time job
money to afford college, through grants and aids to complete schooling for the lpn program
the teachers commitment
evening classes, good staff

na
i was encouraged more by my friends and my own ambitions
na
Everyone gave my the incentive to keep going and achieve what i wanted to do.
offering multiple sections of classes both day and evening.
most of the teachers were very supportive.
patient and helpful staff
The support and encouragement of the faculty played a big role in me completing my degree.
the professors were very helpful
they helped with finicail aid
having online classes i was able to work and go to school
the teachers were excellent. most all of the were friends and teachers. not just teachers.
finicail aid through the aim scholarship program was a tremendous help.
finacal
finances
providing finicial support
faculty and pell grant
Mecc helped me stay in college by being easy on my budget having courses i needed to times that were a good fit for me and making my schedule even easier with a few online courses.
cheaper to attend mecc than uva at wise
the finicail aid program was there for me to make my dream come true
finding finiacial aid, when i thought i couldn't get any
finiacial support
class schedules were flexible and the college atmosphere here is great.
the distance education program helped me stay in college at a time when normal classes would have been impossible due to work and family concerns.
not so much mecc, but rather a friendly atomosphere aidid in my return
my advisor and instructor were very helpful and encouraging

the nursing program allowed me to transfer from another college and graduate with their upcoming class in december. i may never have completed my degrees if it wasn't for that
it was affordable
flexible class hours
financial aid. I could not have stayed here with their assistance.
none
i know at the end of the program i will have better opportunities to take care of my family.
mecc helped so much with financial aid and being able to join the workstudy program helped with expenses.
support with financial aid many classes offered at different times and different teachers
i was able to complete a majority of my classes via the internet and video classes. if it were not for that i wouldn't have been able to finish.
with great program instructors who were willing to help
encouragement from instructors
knowing that there is a light at the end as well as financial help
financial aid helped
mecc is a great and i love being here
mecc has been very helpful everyone is willing to help you out with things you need. the instructors are especially good to the students as well.
my teachers have been very accommodating when it comes to sick kids of having to bring them to class with me occasionally.
it is close to home and the instructors are great
my instructors were good with helping me make up my time and keeping me informed with what was going on in class. i am very appreciative of both of them.
the college is close to home and the staff and programs are very involved in the students work
the resp program here
financial aid
being affordable
availability of distanced courses made it possible for me to complete my degree
it was very understanding that for a teenager to have a full time job as well as school
had the classes i needed available to me with a minimum conflict with my work schedule.
the off campus classes

tution
they help you stay motivated and keep your mind lookin forward to the future
distance learning cvlasses
the will to complete the course
stayed on me for class assignment in enrollment services
i really appreciated the care that hte teachers showed and th time and effort that they put fourth into their jobs
providing on line classes
by being able to take on line classes
online classes
financial aid
financial aid
knowing that if i took a small break i could still come back and finish
scholarships
the aim scholarship that i recieved allowed me to attend basically free of charge. this helped my family tremdously
Being flexible with my work schedule.
My grades stayed higher.
GREAT TEACHERS AND THEY WERE VERY UNDERSTANDING.
Penny Dockery in the Gain Room had talked my through some difficult times.
financial aid and help with applying
iw was great with fincial aid
provided conveyence in my schedule.
the staff helped to motivate me in my goals school-related or otherwise
the gain program was one of the most helpful program. the tutoring and advice and help from the staff was just wonderful. a really terrific program and people.
it offered interesting classes that kept my attention
financial aid
provides a wonderful nursing program
cost and distance

instructors were a great advantage to me. they helped me maintain focus
very interesting classes
by providing excellent instructors that really got the point across
mecc showed me i was capable of acheiiving a degreeand career i could use.
offered some online classes that my degree required
online classes
convient schedules, and encouragement along the way
arragment of classes
they were very helpful and supportive providing tutors for classes i had problems with and faculculty always encouraged me when i needed a helping hand.
no help needed
giving my goals and direction
by having caring and helpful professors that would go out of their way to help their students
providing scholarships/gain progam
providing on line courses so i didn't have to travel far
good instructors
it was closer to home than the other area colleges. i was also able to continue working at a part time job
finanical aid
being able to get fincial aid
the acess to information needed on the mecc website
helped with recieving financial aid and scholarships from different government and facility programs programs at mecc (emergerny funds) provided my feul costs one semester.
support from fellow students and instructors
classes are cheaper than most colleges and will transfer almost always recieved the help i needed.
no matte how nerous or upset i thought college was the endof each semester i always tried for more.
avaiblily of courses and great staff
the tachers were very nice and that helped me stay in college
it was more affordabel than most colleges

by allowing me to take transferable courses to go toward a higher degree at a more expensive university
inspiring professors
mecc provided me with a progra that i was very interested in
smaller classes helped with better interaction with the instructor.
mecc alleviated the financial strss that often comes wiht college
financial aid and other scholarships
the encouragemet of the teachers the friendliness of the staff made a big difference
flexibilty
they have a lot of programs to get involved in,. once you do get involved your committed jthe teahcers make a big difference
providing a variety of classes and wonderful teachers who understood my situation.
offering classes that i could take that i knew would count toward comething.
kept me motivated and i had great proffessor
by helping me get fincial aid
very interesting classes
scholarships
CAREER SERVICEES FAVE GOOD INFORMATION ESPECIALLY THE JOB LISTINGS. ITS VERY HELPFUL. BECAUSE I TAKE ONLINE CLASSES AND WOULD NOT KNOW ABOUT EVENTS IF IT WREN'T FOR CAREEAR SERVICES
IF I DIDNT GO I LOST MY FINICIAL AID
VERY F,LEXIBLE SCHEDULE
MECC HELPED ME STAY IN COLLEGE THROUGH ITS DISTANCE LEARNING CLASSES AND ITS ECONOMICAL TUTION
FIN AID HELPED ALOT
IF IT WASNIT FOR FINCVIAL AID I WOULDN'T BE HERE
mecc offers a very helpful and wonderful staff. the teachers were all great, even when i was taking distance learning courses i receicved quick feedback and help on any problem i was having.
you meet so me people and the teachers really care about yuou to
home based/work related courses
internet courses
fin aid

staff
staff and instrutos
being very flexible wiht my work schedule
local education and distant learning availbe
the offered the classes i needed
the wide class offerings
accessible online classes which made it easier to complete degree
beth helped me with getting enrolled in online classes because of the problems i had making it to campus due to time schedules
i am a nontraditional student and i have a strong determination so there was not any problem that i coun't face, or any challenges that could keep me away from what i wanted to achieve
worked with me and my work schedule
mecc provided a comfortable environment and knowledable teachers
the best teachers made class fun and you always knew what to expect from different teachers which is a good thing
i met several diffent professors that i admired encoraged me to continue on when life became diffcult these professors also gave me some leniency which helped me get through the class
grants maiking it possible
being a local college that was in my area
workstudy club involvement gain tutoring cente math lab and other useful resources to students
they offered classes on the internet and video which allowed me to stay home more
teachers who worked with me to make work up that was missed
helping me with fincial aid
the college staff all very helpful and encouring
being cooperative and convientent
classes were avaiable
helpedme further my education
mecc helped me stay in college by allowing me attedn college level classes while in highscool
none really
it helped w the online courses so i could work around my job

i was able to complete courses through distance education that otherwise could not have been completed
through instructors positive attitude of my ambitions for future
the understanding of the professors the the adult population has to work and raise childrenand being lenient with us
financial aid
mecc offers a very helpful and wonderful staff. the teachers wee all great. even when i was taking distance learning classes i recived quick feedback and help on any problem i was having
you meet so many people and the teachers really care about you
mrs rosa lee was great
i really enjoyed my real estate teachers they were very helpful to me
staff members were very understanding and allowed me to bring my childrent to class when necessary
the entire college staff wre always helpful and encouraging
bridgett casteel and norma calhoun helped my complete the program. i'm very thankful
the instructors were excellent
tutoring programs excellent teachers and great seminars
i enrolled in the gain program as a tutee and was also assigned a mentor,. these services were vrry beneficial in my success as a student and i actually gained enough confidence to pursue a bachelors gegree after i leave mecc. later i became a gain tutor which helped my financially . i can give the same encouragement i recieved.
financial help and by providing note taking services
mecc helped my stay in college by making it fun and that made me want to stay in college
Keeps you motivated to finish
They didn't really, I just knew I had to stay in college if I wanted to make it in this day and age.
IT DID NOT HELP
Gave me the oppportunity to be able to take distance learning courses when I wasn't able to attend class everyday.
close to home
I know it will help me get a better job.
The excellent faculty, in particular Mr. Scanlan and Dr. Patricia Brown, inspired me to continue on with my education.
Flexible class schedules
The professional professors, encouragement to thier students, online courses, a great advisor.
Wonderful staff

Flexible hours
Friendly people, easy to work with schedule, great instructors
I had a great time here.
