READING THE CLASS SCHEDULE

ORIENTATION - Most video and web classes require some form of orientation. Orientation is used to give students important information about the course. Following are examples of the different types of orientation:

Online Orientation, email instructor at (email address) between (dates) - students must send instructor an email introducing themselves at some time during the dates given. The instructor will respond with the information needed for the class.

On-Campus Orientation, Day, Date, Time, Room - orientation will be held on campus on the specified day, date, time, and room. If students are unable to attend orientation on the specified date and time, which varies by class, they need to contact the instructor.

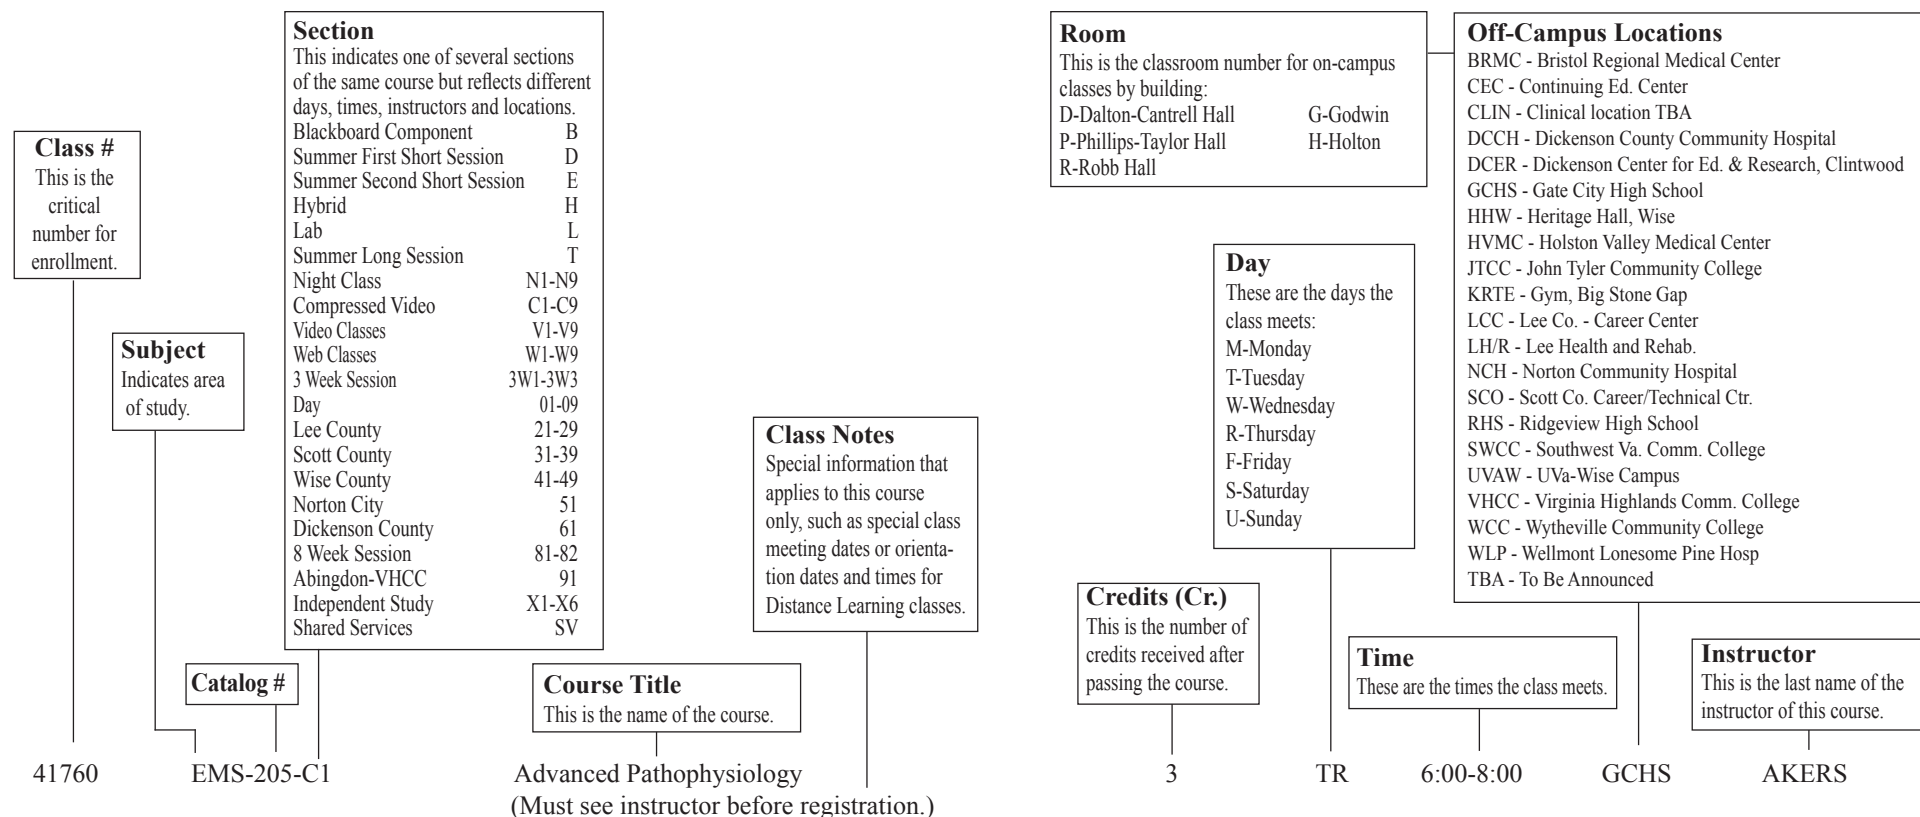

VIDEO CLASSES - Classes with section numbers that include a “V” are Video classes. These classes require students to check out the necessary videos from the Wampler Library (student ID required). Students will then utilize the videos, textbook, and Blackboard to complete the required coursework as stated in the class syllabus. These classes require students to take tests/exams in a proctored environment.

WEB CLASSES - Classes with section numbers that include a “W” are Web classes. In courses offered in this delivery format, all instruction is web-based.

COMPRESSED VIDEO - Classes with section numbers that include a “C” are Compressed Video classes. These are courses delivered via video to two or more sites. Students may be at a different location than the instructor.

INDEPENDENT STUDY - Classes with section numbers that include an “X” are Independent Study classes. These are highly individualized, planned studies.

HYBRID - Classes with section numbers that include an “H” are Hybrid classes. These classes require students to attend class on-campus less often by utilizing on-line components that can be completed at home.

It is the policy of the Virginia Community College System and Mountain Empire Community College to provide equal employment and educational opportunities for all persons without regard to race, color, religion, national origin, political affiliation, veteran status, gender, age, or sexual orientation and for all otherwise qualified persons with disabilities. This policy permits appropriate employment preference for veterans. This institution promotes and maintains educational opportunities without regard to race, color, sex, ethnicity, religion, gender, age (except when age is a bona fide occupational qualification), disability, national origin, or other non-merit factors. This institution prohibits sexual harassment including sexual violence. The following person has been designated to handle inquiries regarding non-discrimination policies: Ron Vicars, Vice President of Financial and Administrative Services. ED TO GO CLASSES

Our instructor-led online courses are informative, fun, convenient, affordable, and highly interactive. We focus on creating supportive communities for our learners. New course sessions begin monthly and take about six weeks to complete. For assistance with course registration or questions contact Susan Kennedy skennedy@mecc.edu or 276-523-7488.

Getting Started

1. Visit our Online Instruction Center at www.ed2go.com/mecc

Quick Enrollment Instructions

1. Locate the desired title through the Search feature or by browsing the online catalog. Once you've found the course, click Add to Cart.
2. Select a session start date on the Select Date page. You will then move on to the Sign In page.
3. Use either Returning Students or New Student to access or create your account. If you are a new student, you will be asked to create an account by creating a username and password and providing your contact information. Select Continue which will take you to your Orientation and access to my Classroom.
4. You will be contacted by someone at the college about completing the enrollment process.

Compatibility

For any ed2go course, you will need Internet access, a non-shared email address, the Microsoft Internet Explorer or Mozilla Firefox Web browser, and the latest Adobe Flash and PDF plug-ins.
