

GRADUATES AND AWARDS

A graduate will only be counted one time in an academic year. If a graduate received two awards, the graduate is placed under the highest degree level. The VCCS total is the official count for the number of graduates.

GRADUATES AND AWARDS

MECC graduate totals include all same-level recipients. For example, a graduate with an award in General Studies and Science is counted in each program, which is a duplicated number. The duplicated number of graduates includes only the highest award a graduate received. For example, a graduate with Accounting and Management awards (both AAS degrees) will be counted twice. However, a graduate with an Accounting degree and an Accounting certificate will only be counted as a graduate once (for the degree), though both awards are counted.
